THE QUARTERLY JOURNAL OF EXPERIMENTAL PSYCHOLOGY

Volume 22 1970

ditorial Board
R. J. Audley
A. D. Baddeley
G. S. Brindley
D. E. Broadbent
J. Brown
V. R. Cane
R. Davis
R. L. Gregory
I. M. L. Hunter
H. Kay
N. Moray
P. M. A. Rabbitt
R. L. Reid
N. S. Sutherland
M. Treisman
A. M. Uttley
P. H. Venables
D. M. Vowles
L. Weiskrantz
P. Whittle

Editor
M. P. HAGGARD

PUBLISHED FOR THE EXPERIMENTAL PSYCHOLOGY SOCIETY
BY ACADEMIC PRESS LONDON AND NEW YORK

MATTHEWS, W. A. and MANASSE, K., Associative factors in free recall · 177
POSTMAN, L., Effects of word frequency on acquisition and rention under conditions of free-recall learning · · · · · · · · 185
RICHARDSON, J. T. E., Verbal learning: incremental vs. all-or-none theory 196
KUMAR, R., Effects of fear on exploratory behaviour in rats · · · 205
SAMPSON, J. R., Free recall of verbal and non-verbal stimuli · · · 215
ANSTIS, S. M. and MOULDEN, B. P., After effect of seen movement: evidence for peripheral and central components · · · · · · · 222
STANAWAY, R. G., MORLEY, T. and ANSTIS, S. M., Tinnitus not a reference signal in judgments of absolute pitch · · · · · · · 230
BARNES, P. J., SMITH, L. M. and LATTO, R. M., Orientation to visual stimuli and the superior colliculus in the rat · · · · · 239
HOLDING, D. H., Guessing behaviour and the Sperling store · · · 248
HOLDING, D. H., Digit size in short-term memory · · · · · 257
SHALLICE, T. and WARRINGTON, E. K., Independent functioning of verbal memory stores: a neuropsychological study · · · · · · 261
COREN, S., Lateral inhibition and geometric illusions · · · · 274
POSNER, M. I., On the relationship between letter names and superordinate categories · · · · · · · · · · · · · 279
MURPHY, E. H. and VENABLES, P. H., Ear asymmetry in the threshold of fusion of two clicks: a signal detection analysis · · · · · 288
MITCHELL, M. J. and GREGSON, R. A. M., A re-examination of the value of the olfactory power law exponent · · · · · · · 301
GLENN, S. M. and PICKERSGILL, M. J., Capacity of severely subnormal children with relation to the non-additivity of cues effect and to discrimination difficulty · · · · · · · · · · · 305
ROSS, H. E. and GREGORY, R. L., Weight illusions and weight discrimination —a revised hypothesis· · · · · · · · · · · 318
ROBY, T. B. and LYONS, T., Use of state and transitional information · 329
HUGGINS A. W. F., Apparatus: an electronic tape-splicer and synchronizer 337
BOOK REVIEWS · · · · · · · · · · · · · · 341

NUMBER 3, AUGUST 1970

BUSCHKE, H. and KINTSCH, W., Rehearsal strageties and the serial-position curve in immediate free recall of ordered items · · · · 347
THOMAS, E. A. C. and JONES, R. G., A model for subjective grouping in typewriting · · · · · · · · · · · · · 353
BLOOMFIELD, T. M. and RUSSELL, D. G., Behavioural contrast and preference in a double chained schedule · · · · · · · · · 368
SHELDON, M. H., Effect of electric shock on rats' activity in familiar and unfamiliar environments · · · · · · · · · · 374

SWANSON, J. M. and WICKENS, D. D., Preprocessing on the basis of frequency of occurrence 378
BIEDERMAN, G. B., Forgetting of an operant response: physostigmine produced increases in escape latency in rats as a function of time of injection 384
PHILLIPS, R. J., Stationary visual texture and the estimation of slant angle 389
FILION, R. D. L., FOWLER, S. C. and NOTTERMAN, J. M., Effort expenditure during proportionally reinforced responding 398
LOVETT, D. and BOOTH, D. A., Four effects of exogenous insulin on food intake 406
WADE, N. J., Visual orientation during lateral head tilt when upright and supine 420
WADE, N. J., Effect of prolonged tilt on visual orientation 423
SEYMOUR, P. H. K., Order of fixation effects in classification of word-shape pairs 440
COHEN, R. L. and GRANSTRÖM, K., Reproduction and recognition in short-term visual memory 450
SANSONE, M. and BOVET, D., Avoidance learning by guinea pigs . . 458
MANOCHA, S. N., WINCOUR, G. and MILLS, J. A., Interaction of fear effects with habit strength 462
HOLLOWAY, C. M., Consonant recognition with two levels of decision complexity 467
MURPHY, E. H. and VENABLES, P. H., Effect of contralateral shock stimulation on laterality differences in the two shock threshold 475
MILES, C. G., MACKINTOSH, N. J. and WESTBROOK, R. F., Redistributing control between the elements of a compound stimulus 478
DETTERMAN, D. K. and ELLIS, N. R., A factor analytic demonstration of two memory processes 484
BARNETT, S. A. and SMART, J. L., Activity of inbred and F_1 mice in a residential maze 494
HASLAM, D. R., Lateral dominance in the perception of size and of pain . 503
WARRINGTON, E. K. and SILBERSTEIN, M., A questionnaire technique for investigating very long term memory 508
DIMOND, S., Reaction times and response competition between the right and left hands 513
STRONGMAN, K. T., COLES, M. G. H., REMINGTON, R. E. and WOOKEY, P. E., The effect of shock duration and intensity on the ingestion of food of varying palatability 521
CORCORAN, D. W. J. and ROUSE, R. O., An aspect of perceptual organization involved in reading typed and handwritten words 526
HARTLEY, R. L., The effect of stimulus relevance on the cortical evoked potentials 531
BLACKMAN, D. E., Conditioned suppression of avoidance behaviour in rats 547
BOOK REVIEWS 554

Number 4, November 1970

Bahrick, H. P., Discriminative and associative aspects of retroactive inhibition 565
Diespecker, D. D., Vibrotactile learning and the locus dimension . . 574
Smith, P. T., Two experiments with artificial languages 583
Steiner, J., Observing responses and uncertainty reduction. II. The effect of varying the probability of reinforcement 592
McKeever, W. F. and Huling, M. D., Lateral dominance in tachistoscopic word recognitions of children at two levels of ability 600
Baddeley, A. D., Hatter, J. E., Scott, D. and Snashall, A., Memory and time of day 605
Dimond, S. J., Hemispheric refractoriness and control of reaction time . 610
Frith, U., Memory coding for binary sequences in children 618
Fisher, G. H., An experimental and theoretical appraisal of the perspective and size-constancy theories of illusions 631
Bertelson, P. and Tisseyre, F., Perceiving the sequence of speech and non-speech stimuli 653
Morgan, M. J., Fixed interval schedules and delay of reinforcement . 663
Mohay, H. and Chen, C., Effects of food deprivation on the performance of a two-turn task in a temporal circular maze 674
Biederman, G. B. and Furedy, J. J., The preference-for-signalled-shock phenomenon: signalling shock is reinforcing only if shock is modifiable 681
Allport, D. A., Temporal summation and phenomenal simultaneity: experiments with the radius display 686
Wong, R., Infantile handling and the extinction of responses acquired under food reward 702
Brown, J. and Routh, D. A., Recognition assessed by d' and by a non-parametric alternative (the A-index) as a function of the number of choices 707
Taylor, J. A. and Wales, R. J., A developmental study of form discrimination in pre-school children 720
